www.elitebo.com

## PROFILE

Senior UI/UX professional with proven experience developing creative concepts. Strategic thinker & creative problem-solver with a unique blend of leadership skills & content review expertise. Strong knowledge of design thinking principles & guidelines related to interaction design, information architecture, visual/graphic design & usability. A demonstrated background managing multiple projects, prioritizing tasks, overseeing the creative process, & producing innovative products ranging from web applications, web sites, tablet design & mobile app designs. Worked in agile environments, managing communication cross functionally with teams to develop sketches, wireframes, prototypes & visual mockups.

## SKILLS

### Interaction

User Research | Wireframing | Prototyping | User Testing

### Visual

Sketching | Illustration | Drawing | Animation

### Software

Adobe Creative Suite | Adobe XD | Microsoft Visio | Axure RP Pro | Sketch | Proto.io

### Coding & Frameworks

XHTML | CSS | iOS & Material Design | Javascript | jQuery | Angular | agGrid | Bootstrap | Kendo UI | SaaS | API

### Management

Polarion Software | Jira | Confluence | Microsoft Office 360 | Microsoft PowerPoint

## EDUCATION

### UNIVERSITY OF MIAMI

Coral Gables, Florida, 1988-1991

Bachelor of Fine Arts in Graphic Design and Illustration.

### CLEVELAND INSTITUTE OF ART

Saci, Foreign Program Abroad, Florence, Italy, Spring Semester 1990,

Studio Courses in Graphic Design, Introduction to Photography, Weaving & Art History.

### Language

French (native language), and comprehend Spanish

## WORK EXPERIENCE

### FIS GLOBAL for CAPITAL STAFFING

Financial Tech

Senior UX/UI Designer

April 2018 – February 2019

- Lead UX/UI designer for a subscription financial application used by internal business & external FIS GLOBAL clients from customer flow diagrams, wireframes, prototypes & high-fidelity mocks.
- Conducted stakeholder interviews & understood target users deeply: developed & worked from user profiles, participated in creation of user stories & produced new process flow.
- Some new features required creation of sketches, wireframes, & clickable prototypes to quickly test & iterate designs with user testing group.
- Worked in Extreme Programming Agile & collaborated with multi-disciplinary teams to evaluate the feasibility of proposed features.
- Defined & documented user experience design patterns. Delivered design specs, checked for design bugs & worked with developers to fix. Project requirements included Angular 6, CSS, Sketch, responsive, & material design standards.

### JOINT COMMISSION RESOURCES for TEKSYSTEMS

Health Education

Senior UX/UI Designer

May 2016 – March 2017

- Lead UX/UI designer for three customer-subscription web-based applications sold by JCR. Designed effective UI concepts with Accessibility in mind in coordination with both the client & developer's expectations for Angular 4, Bootstrap, Kendo UI, CSS & responsive.
- Reworked process flows to meet stakeholder's requirements & user needs, designed detailed & comprehensive wireframes & prototypes that effectively communicate information design & interaction design.
- Translated requirements into a user interface including screens & interactive elements. Provided designs & concepts for webpages in Adobe Creative Suite. Organized mobile concept content in an interactive prototype using Proto.io.
- Collaborated with others in creating standards documents & cross-application consistency.

### FJORD

Web Design Agency

User Experience Consultant/Visual Design Specialist

August 2014 – August 2015

- Created web 2.0 solutions for new & existing websites for various clients, utilizing the latest design trends.
- Created Gap Analysis document to provide a better user experience for the Hewlett Packard product registration web site.
- Produced several interactive pages for Hewlett Packard product registration web site using Axure RP Pro. Designing for different platforms, Responsive web & Salesforce, desktop, tablet & mobile applications.
- Took ownership on projects such as the Mega menu navigation for CenterPoint Energy & improved on the design already established.
- Presented creative concepts internally & also directly to the clients from a variety of industries including T-Mobile, Centerpoint Energy, Hewlett Packard, DOW, Consumers energy & Coca Cola.

## INDEPENDENT LEARNING

**Figure Drawing**, Spring 2016, Joliet Junior College, Illinois  
**Drawing & Sketching**, Fall 2015, Joliet Junior College, Illinois  
**Agile Development Bootcamp**, 2012, VersionOne – 3 day course  
**Information Architecture 2: Navigation Design**, 2012, Norman Nielsen  
**Visual Design for Mobile and Tablet 2**, 2012, Norman Nielsen  
**Designing Complex Applications and Websites 3**, 2012, Norman Nielsen  
**Silverlight, October 2007 Boot Camp**, Microsoft Corporation  
**Precision Questioning** - (completed 2 day course), Microsoft Corporation  
**Presentation Skills Class** - (completed 1 day course), Microsoft Corporation  
**Macromedia Flash 5.0, 2000**, Bellevue Community College  
Web Graphics Workshop & HTML 2, 1999, Sakson & Taylor, Inc.  
**Web pages using HTML**, 1997, Sakson & Taylor, Inc.  
**Adobe Photoshop** on a Mac and course in **Applied Design**, 1996, School of Visual Concepts

## PATENTS

**US Patent D827,663 for CNH Industrial**, Display Panel or Portion Thereof with a Graphical User Interface, **September 4, 2018**

## CNH INDUSTRIAL

User Experience Designer  
November 2011 – December 2013

- Lead UX/UI designer responsible for the User experience design for Android based display for precision farming solutions. Worked closely with the product management, & software engineers to improve the performance, aesthetics, & usability of the existing display, based on the research data.
- Proposed simple yet compelling visual, design specifications & interaction design solutions keeping in consideration user behavior & complex technical requirements to best apply to the product.
- Played a crucial role in defining & developing the software interaction model & visual design of the display.
- Collaborated with developers using Polarion Software. Initiated & drove the creation of a living scalable framework & design for Style Guide. Mentored other designers & providing support on advanced design & image retouching tasks.
